

## **Opportunity Announcement:**

### **Statistical Scientist**

#### **(Trial Design & Analysis – Job#21-03)**

#### **Description of Opportunity:**

Berry Consultants, a growing consulting company in the design and implementation of complex innovative adaptive clinical trials, is searching for a Statistical Scientist. The successful applicant will play a key role in the growth and success of Berry Consultants. Berry Consultants has a world-wide client base that includes pharmaceutical, biotech, medical device companies, as well as contract research organizations, non-profit patient advocacy groups, government organizations, and academic centers.

#### **The Statistical Scientist's Role:**

- Interact with consulting teams and a wide array of biostatistical collaborators
- Design of innovative clinical trials to address unique and challenging situations
- Custom statistical modeling related to clinical trials, biostatistics, medical decision making, and disease progression
- Statistical model and software development for the design, simulation and analysis of clinical trials
- Present innovative statistical work to various audiences, e.g. business leaders, regulatory groups, clinicians, trial steering/monitoring committees, other statisticians, etc.
- Present work at academic conferences and publish in peer reviewed journals

#### **Qualifications & Essential Skills:**

- PhD in Statistics or related quantitative field (exceptions are possible)
- Passion for statistics and science and a desire to have a positive impact
- Exceptional communication skills
- Outstanding statistical programming and modeling skills

#### **Additional Desired Skills:**

- General knowledge of clinical trials and biostatistics
- Experience with Bayesian analyses and relevant statistical software

**About Berry Consultants:**

Berry Consultants is a statistical consulting company specializing in innovative clinical trial design and science, innovative Bayesian analyses, adaptive clinical trial statistical execution, and clinical trial simulation solutions for the pharmaceutical and medical device industry. Berry Consultants' also is a leader in the design and statistical implementation of platform trials. Berry Consultants' FACTS (Fixed and Adaptive Clinical Trial Simulator) software is the most powerful, flexible, and fastest simulation tool on the market for advanced clinical trial design.

See [www.berryconsultants.com](http://www.berryconsultants.com) for additional information.

**Location:**

This position location is flexible at Berry Consultants office in Austin, Texas or a remote home office.

**Compensation:**

Compensation is negotiable and will be based on qualifications. Berry Consultants includes health and retirement benefit plans.

**Application Procedure:**

Candidates should email a cover letter and resume to [jobs@berryconsultants.com](mailto:jobs@berryconsultants.com). Please reference job #21-03. This position will remain open until filled and may be filled at any time.

**Legal Notices:**

Berry Consultants is an equal opportunity employer and does not discriminate against any employee or applicant on the basis of race, color, religion, sex, sexual orientation, age, national origin, or status as an individual with a disability or protected veteran.
